Jatin Kumar
Data Scientist

Quality engineer with one year experience in auto parts manufacturing unit, and now change the domain in data science field, As a data scientist,I am a skilled professional with a strong background in statistics, programming, data analysis and as well as big data analysis with the help of Pyspark.I have hands on projects experience in collecting, cleaning, and analyzing large and complex datasets using programming languages such as Python. I am proficient in SQL, data manipulation, data visualization, machine learning and Deep learning techniques, Overall I am passionate about learning and contribute to the field of data science.

WORK EXPERIENCE

Data science intern
Eagletfly solutions

February, 2023 - present,   *New delhi*
- Wrote code to clean and analyze data
- Utilized SQL to query databases
- Implemented machine learning algorithms

Quality Inspector
Allena auto industries pvt ltd.

March, 2017 - July, 2018   *Wazirpur, New delhi*
- In process and incoming inspection as per quality plan
- Study of Process parameters and fix them.
- Maintaining Quality Documents as per IATF16949-2016 Standard

EDUCATION

Bachelor in technology
Himalayan University

August, 2018 - August, 2021   *Arunachal Pradesh*
                                                                67.80%

TRAINING & CERTIFICATIONS

Data science with AI & ML
Eagletfly solutions

2022

PROJECTS

- **Insurance Price Prediction With Machine Learning**

The project included using an ML classifier model from Scikit-learn which predicted insurance needs. Forthe dataset, the previous year's insurance data was analyzed which was accessed from a databaseto predict insurance needs.

- **Data analysis for demand and availability of cabs**

The project included the collection and pre-processing of raw data. This project deals with different sample selection criteria and comparing different methods to analyse the most accurate results.

- **Automation**

Build a script to automatetheInstagram forlogin, sending messaging and updating a status technology used selenium,python, sublimetexteditor and cmd terminal.
